PACKAGE 1 - CREATING ORIGAMI CLOSE-UP at MicRo Gallery

ORIGAMI CLOSEUP INTERACTIVE ENTERTAINMENT AT GALLERY

▣ **PERFORMANCE & DISPLAY**

Michael Roy presents origami artistry (paper folding) to event guests close-up at his MicRo Gallery, interacting with humor and folding with finesse. His Cirque du Papier MicRo Gallery (amazing and beautiful self-standing 'pop-up' display of Origami Sculptures) is inspiration for, and suggestions of what folded art keepsakes (favorite animals, flowers, sea creatures, birds, etc) Michael Roy will create for guests to take home for themselves or give as gifts to friends and loved ones. Package 1 is most effective with Michael Roy entertaining guests at the MicRo Gallery, but when needed, he can move throughout the event (mingling in small clusters, one-on-one, table-side, etc.).
